

PROTECT YOURSELF AGAINST FRAUDS

We have been informed about guests contacted by third parties who claim to be Oasis Hotels & Resorts representatives, requesting information or payments to unknown bank accounts. If you are planning to book your stay with agencies external to Oasis Hotels & Resorts, beware of vacation packages that seem too good to be true. If you find lower rates than those found at our website oasishoteles.com there is a high possibility that it is a fraud.

Additionally, we suggest that you stay alert for frauds, made by phone calls, emails, social media, or through SMS or WhatsApp messages.

For your peace of mind, we provide you with our official channels, where you can check a promotion's veracity or book your stay at Oasis Hotels & Resorts.
